

Building A Strong Fertilizer Candidate

tfi.org/electioncenter

Environment

recognizing the value our industry puts on being good environmental stewards and help our research in nutrient management.

Safety & Security

that support our efforts to safely and securely source, manufacture, transport and store fertilizer

Workforce

A fertilizer candidate will ensure the fertilizer workforce of tomorrow gets the education they need today.

Energy

A fertilizer candidate should support an "all of the above" energy policy.

Trade

reducing trade barriers and ensuring existing trade is free and fair

Infrastructure

fertilizer relies heavily on our nation's entire infrastructure system, from rail to road to waterways.
